7. Discuss the student's strengths *

Sri has been a huge asset to our team. He is intelligent, has impressive technical skills, and has demonstrated an improvement to improving his communication skills (both oral and written). He clearly has a growth mindset, solicits feedback actively, and incorporates it into his work. Most impressively, Sri is highly capable of working independently, seeking out opportunities to contribute to the team, and pushing forward. He has shown noticeable improvement in independently identifying and addressing roadblocks. But he also knows when to ask for help. He is working on initiatives that have senior executives as their audience, which is very impressive. We are looking forward to another great three months.

8. Discuss the student's areas of opportunity *

Sri's capabilities in the following areas are entirely appropriate for someone of his professional experience, but are still areas where he can continue to improve.

1. Oral communications / presenting -- specifically orienting his audience to the content he is going to present and introducing a cohesive structure or narrative
2. Slide writing -- continuing to work on individual slides that communicate a clear point in the title that
3. Driving independently and presenting solutions to roadblocks / challenges, rather than just flagging them

9. Rate the student's overall performance at the mid-point of their program

*

- ☐ Needs Improvement
- ☐ Effective
- ☒ Outstanding

10. Please confirm that you have or will schedule a meeting with your student to discuss this evaluation no later than December 31st. *

- ☒ Yes, I have already or will put time on my student's calendar to discuss the evaluation

Rehire Interest

Your student is currently **not** eligible for full-time conversion at the conclusion of their program. This may be due to academic requirements that necessitate an additional co-op cycle prior to graduation. As a result, we are unable to extend a full-time offer at this time.

However, we'd like to explore the possibility of welcoming the student back for another co-op term as part of the Fall 2026 cohort. The request process for hosting a Fall 2026 co-op will open in March. If you're interested in hosting again, please reach out to your HR Partner at that time.

To help us plan ahead, please respond to the question below to the best of your ability. Note that we will also revisit this conversation at the end of the current program.

11. If your student is interested in completing another co-op with Comcast, would you be interested in bringing them back to your team if you receive approval to host again next year?

*

- ☒ Yes, the co-op's performance has been strong thus far and I would bring them back to co-op again on my team.
- ☐ Yes, the co-op's performance has been strong but skills may be better aligned with a different team. I would recommend them for rehire, but to another team.
- ☐ No, based on performance I would rather explore other students if I host a co-op again next year.
- ☐ Maybe
